Wockhardt Hospital, North Mumbai

Presented by: Mr. Pradeep VAIDYA, Health IT Functions, Wockhardt Hospitals
Departure from Le Méridien Hotel: 9:30am

Wockhardt Ltd (www.wockhardthospitals.net), in association with Harvard Medical International, has set up a chain of 12 specialty hospitals across India. Recently, Wockhardt inaugurated its 400-bed, multi-specialty hospital in Bangalore - a state-of-the-art facility equipped with clinical talent dedicated to a wide range of cardiology, orthopedics, neurosciences, minimal access surgery, and women and child services. *Wockhardt Hospital, Mumbai, recently became the first superspeciality hospital in South Asia to achieve accreditation from Joint Commission International (JCI), USA.* With this, Wockhardt Hospitals joins an exclusive group of 71 hospitals worldwide that have passed JCI's stringent clinical quality standards. JCI is the international arm of the JCAHO. Wockhardt Hospitals, Mumbai, is equipped with five different specialty focused hospitals:

- **Heart Hospital** features interventional cardiologists with an international collective experience of more than 10,000 cardiothoracic surgeries, 25,000 Angiograms and 8,000 Angioplasties. The hospital is equipped with Cardiothoracic OT, a Cardiac Catheterisation Lab, and ICCU facility, all designed to meet the international standards.
- **Bone and Joint Hospital** treats all types of musculo-skeletal problems ranging from Trauma Surgery to Minimally Invasive Arthroscopy Surgery. The hospital is a Center of Excellence focused on Hip Resurfacing Surgery, Joint replacements, sports medicine, ligament repair, knee surgery, spine surgery and physiotherapy for rehabilitation.
- **Brain and Spine Hospital** provides comprehensive medical and surgical care for patients with disorders of the brain, spinal cord and peripheral nervous system. Both invasive and non invasive procedures for treating back and neck pain and correcting spinal deformities are deployed as are cervical disc replacement. Minimally invasive spine surgery is routinely performed and expandable devices for lumbar spine fusion are available.
- **Minimal Access Surgery Hospital** is equipped with high-end technology to perform precision surgery in this newly developed modality of surgical treatment, which until recently required large incisions on the human body. The hospital utilizes operative procedures for the nervous system, ENT, thorax,

First Referral Unit Hospital, Navi Mumbai Municipal Corporation (NMMC), Sector 10

Presented by: Dr. Sanjay PATTIWAR, Chief Health Officer, NMMC
Depart from Wockhardt Hospital for Navi General Hospital at 11:30am

2

NMMC Background

- **Formation:** January 1992
- **Population:** 11 lacs; Gaonthan extension, Township/ Nodes, MIDC, Quarries, Slums, Labour group
- **IPP-V Project:** NMMC's health department launched the "Indian Population Project – V" with financial assistance of Rs. 150 million from the World Bank, which features a five-tier health infrastructure:
